

## WordPress Checklist

SESTA/FOSTA: “Stop Enabling Sex Traffickers Act” and “Fight Online Sex Trafficking Act”

The reality is it has associated sex workers with allegations of sex trafficking (assume first [government shutdown; steal assets] prove later). Lead platforms (e.g. Cloudflare) to refuse them service out of fear of increased legal risks. Travel Act is used by feds if you cross state or country lines.

Australian Online Safety Act: allows censorship of sexual content from internet.

Mastercard, Visa, and Discover: censor adult content

Texas: felony to see a sex worker
